

# "BACK TO THE WILD"

## WILDLIFE ADOPTION PROGRAM

**BACK TO THE WILD** invites you to play a vital role in the care of injured and orphaned wildlife by adopting a "wildling" at the Center. Your donation toward the adoption of a wildlife resident at the Center will go directly toward the care and treatment of the animal's needs.

The goal of **BACK TO THE WILD** is to develop awareness, appreciation and respect for the animals that share our natural world. Each year, this Center receives over 2,500 wild animals in need of help. Every effort is made to return each animal back into its natural habitat. Special permits allow permanently disabled, non-releasable live hawks, owls and eagles to be used in our educational programs, acting as ambassadors, to benefit other wildlife.

Your adoption of an animal makes a perfect school, scout or club project or a unique gift for someone special! You will receive an adoption certificate and photograph of the animal you choose. Please fill out the form below and mail your check to the address on this flyer.

**BACK TO THE WILD** is a volunteer wildlife rehabilitation and nature education center, whose primary mission is to rehabilitate and ultimately release into their natural habitat, injured, orphaned and displaced wildlife. **BACK TO THE WILD** is also dedicated to promoting appreciation and respect for our native wildlife by educating the public of their role in being responsible caretakers of our natural world. The most critical problem facing wildlife today is *"loss of habitat"*. Through education, we can better understand human impact on our natural world and make informed decisions to help preserve and protect habitats everywhere.

**BACK TO THE WILD** is entirely non-funded and depends solely on gifts and donations to continue this work. There is a constant need for contributions and public support. If you can help, call (419) 684-9539 or write to the address on this flyer - c/o Mona Rutger, Director.
